

# The ultimate in cow comfort.

## From the world's premier dairy flooring provider.

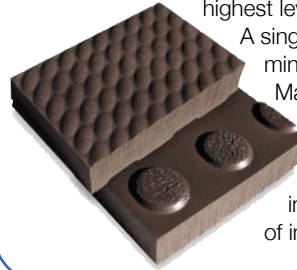

### First Ever Triple Density Cow Bed

The **Clover Mat** is made of three layers of EVA closed cell foam. This space age wonder comes as close to nature as possible in providing your herd with unmatched comfort and safety. The top layer is like a bed of clover, soft to the touch, but plenty durable. The middle layer, more dense and firm, absorbs the weight and pressure. The bottom layer with its engineered wave design absorbs even more stress while acting as the vapor and insulation barrier. It is an extra tough laminate to withstand wear against concrete.

**Insulaire® Cow Cushion** The fastest selling cow mattress today. Only 35 lbs! Under \$80 and a five year warranty. Polymer technology offers the highest level of insulation.

A single density, budget minded cousin of Clover Mat. It derives its unequaled comfort and insulating properties from its inner core of millions of impenetrable air cells.

**BoviTrax** The most versatile and durable modular flooring for alleys, pens and parlors. Every floor over 3,000 sq. ft. is custom fitted at no extra charge. Each BoviTrax 47" x 71" tile features precision-cut interlocking edges for a near seamless floor.

Anchored with vibration resistant spike fasteners. Safe with scrapers or skid steers. Superb traction.

*Smaller dairy?*

*Do-it-yourselfer?*

Get **BoviTrax 500** a 2' x 3' tile that lets you cover any size floor in 12" increments from 2 feet to infinity. All BoviTrax have our engineered stagger tooth design for ultimate flexibility.

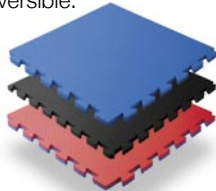

### Bulldog Alley Mat

A rugged, 50' professional grade roll of natural rubber with a nylon inlay for added strength. 12mm thick. 72" wide. Easy to install. Easier still to maintain. Pebble top/grooved bottom for the most in traction and resilience.

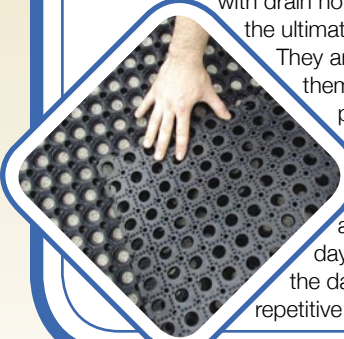

### Komfy Kush™

Economical anti fatigue mats in a choice of colors. Easy on your wallet and easier on your back! Zip together in minutes - clean in a snap. Reversible.

**WorkFast™** Parlor Mats are natural rubber tiles with drain holes. Workers will enjoy the ultimate in comfort and safety.

They are bound to pay for themselves with higher production and fewer work-stress injuries.

They clean fast and are not effected by every day fluids. Useful all over the dairy wherever you have repetitive worker tasks.

When it comes to cow comfort, nobody knows better than Group Summit—  
worldwide dairy flooring specialists
