

MUSTANG AISLE & UTILITY MAT

A great all purpose mat for farm, ranch, business or home. This is a compounded rubber mat with a high content of natural rubber. And unlike most rolled mats of its type, Mustangs have a fabric mesh inlay for added strength. Because of their superior rubber content and mesh liner, Mustangs cost a bit more than recycled tire mats, but you get the benefit of a continuous 50 foot mat. That means fewer seams.

Each 50' roll is 6' wide and 1/2" thick. The roll is heavy, 900 lbs. So if you need smaller, easier to handle, matting, you should get Protector or ProtectorLok tiles in 48" x 72" (122cm x 183cm) sheets or choose from Protector 500 interlocking tiles in a super convenient 24" x 36" (61cm x 91.5cm) size. Or the versatile Vulcan reversible mat which is 1m x 1m (39.4" x 39.4").

For aisles it's darned hard to beat a Mustang. Roll 'em out and put 'em to work. Drive over them. Scrape on them. They stand up to punishment. One side is a slip resistant pebble pattern and the other is grooved for added resilience. Use whatever side fits your needs.

**ROLL 'EM OUT
PUT 'EM TO WORK**

Mustangs are easy to maintain. Sweep or hose off in no time at all. Wash with any household detergent.

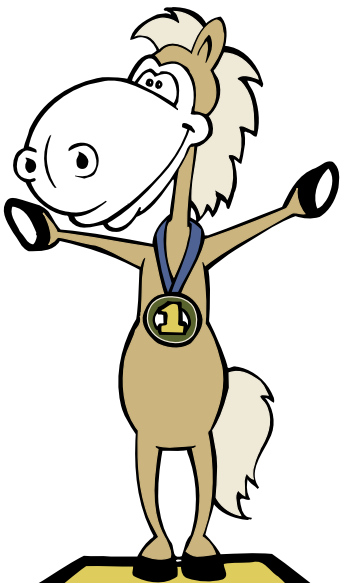

Kennels, pens, hutches, trailers, garages are but a few of the many places to use these work horses. Indoors or outside in any temperature.

Only need 10 ft? 25 ft? 40 ft? No problem. We can cut to length for a small cutting charge.

PRODUCT SPECIFICATIONS

Color: Black
Size: 72" x 50' x 1/2" (183cm x 15.24m x 12.5mm)
Weight: 871 lbs. (395 kg)
Warranty: 10 years manufacturer's defects; 5 years wear and tear
